Thanks Mark! We were happy that EPA was able to engage directly with the Vatican as part of his visit for the ministerial. Please find attached our final version with all EPA comments incorporated.

Ok. I'll run those changes up the chain when I get the rewrite from you.

Thanks again Emmett for all your help through what I know was a very difficult visit. I can't overstate how appreciative I was of your assistance. You really saved the day(s) at the Vatican.

I had taken the quote about withdrawal from my notes on his opening remarks: "Since then, and please do expand on the terms of withdrawal, when President Trump has talked of withdrawal from the agreement, considering all the effort and time in reaching the agreement, we are skeptical. Something I told the President when he visited is that Paris was nonbinding." I can incorporate your comments and make a note of this separately, just so we accurately convey the disappointment he indicated in the U.S. decision to withdraw.
